

The image shows a large-scale digital installation in a dark room. The walls and ceiling are covered in a complex grid of lines, through which various marine life are projected. A large shark is prominent on the left, swimming towards the center. Other sharks and numerous smaller fish are scattered throughout the scene. In the foreground, the silhouettes of several people, including children and adults, are visible as they look at the display. The overall lighting is a deep blue, creating an underwater atmosphere.

salz!**

A close-up photograph of a single, vibrant red strawberry with its characteristic seeds, resting on a large, intricate pile of white, translucent salt crystals. The crystals have a complex, geometric, and somewhat fractal-like structure, resembling a snowflake or a mineral specimen. The background is a plain, light-colored surface, possibly white, which makes the colors of the strawberry and the texture of the salt stand out.
